

ENGINEERING & SURVEYING SERVICES

www.matternandcraig.com

Firm Background

Founded in 1978, Mattern & Craig, Inc. is a civil and structural engineering and surveying firm that specializes in working with local, state, and federal governments and related agencies.

Mattern & Craig, Inc. has provided consulting engineering services and established an excellent working relationship with its clients on a variety of projects. Mattern & Craig strives to deliver projects on schedule, within budget, with negligible change orders during construction, and with economical design fees. The firm has substantial experience working with communities in Virginia, Tennessee, and North Carolina.

In addition to engineering services, Mattern & Craig, Inc. offers complete surveying services performed by the firm's in-house field survey crews to meet critical time schedules.

Mattern & Craig maintains a \$4,000,000 professional liability insurance policy and an approved Affirmative Action Plan.

Personnel

Mattern & Craig's staff of 70 employees and associates is comprised of:

- 25 Graduate Engineers (Civil, Sanitary, Structural & Transportation)
- 5 Licensed Surveyors
- Resident Construction Inspectors
- Engineering & Surveying Technicians
- Draftspersons
- Administrative Personnel

The firm's principals are licensed in multiple states and are involved in the technical aspects and details of each project maintaining daily contact with the work.

Areas of Service

Mattern & Craig provides comprehensive in-house engineering services from project planning studies and financing through final inspection and certification of construction. Our firm has extensive experience in engineering projects which include:

- Structural & New Bridge Design
- Bridge & Structural Inspection & Rehab
- Streets & Highways
